Fire and Inland Navigation.
Risks accepted at terms consistent with solvency
and fair profit.
Special attention given to the insurance of
"Contents for term of 1 to 5 years."
The progress of this corporation have been stable
and uninterrupted through seasons of financial
panic and stagnation, or periods of over-enthusiasm
and speculative extravagance, and have been
being long established on a cash basis, the troubles
of the credit system affect us in no material
degree.
During "hard times" the security of reliable
insurance in an imperative duty—the ability of
property owners to sustain loss being then much
lessened.
Agencies in all the principal cities and towns
throughout the State. Particular attention given
to the duty of authorized Agents of the Com.
1847.

May 19th, 1858. y51

New and Direct Route
TOledo to St. Louis,
Springfield, Naples, Decatur, and all
points in the West.

TOledo WABASH & WESTERN RAILROAD
No change of Cars or Baggage between
Toledo and St. Louis.
Owing to the fact that the Toledo, Wabash & Western
Railroad, from Toledo, Ind., to St. Louis, Mo.,
is a direct route, and the only one between the two
cities, it is the most direct and comfortable route
for passengers and freight.

Trains leaving Fort Wayne at 5:00 A.M. make
close connections at Toledo with trains of the
Toledo, Wabash & Western Railroad, for Cleveland,
Cincinnati, Buffalo, Albany, New York and Boston.
For further information apply to the Agents at the Sta-
tions on the line.

D. J. HOSTETTER'S
STOMACH BITTERS
FOR THE CURE OF
Dyspepsia, Indigestion, Nausea, Constipation, Flatu-
lency, Loss of Appetite, or any Bilious Complaints
arising from a morbid action of the Stomach
or Bowels producing Cramps, Dysentery,
Colic, Cholera Morbus, &c. &c.

All these ill effects like magic, will vanishing
under the action of, and for a person in advanced
years, or recovering from sickness of any kind,
nothing can be more conducive to their convalescence
than the use of these Bitters as per directions on the
bottles.

Scarcely four years have elapsed since the first in-
troduction of Dr. Hostetter's Stomach Bitters, and
the success of this medicine has been the success of
this article after its introduction by a dissemi-
nating public, that it has created a great demand
for it, and it is now a household word in every
family, and is being taken by thousands of
persons who are afflicted with the various bilious
disorders.

Are you bilious? Try one bottle of these Bitters,
and you will be cured. Remove the cause of the
disease, and the cure will be permanent. These
Bitters will cure the various bilious disorders, and
will also cure the various diseases of the stomach
and bowels, and will also cure the various
diseases of the liver, and will also cure the
various diseases of the spleen, and will also
cure the various diseases of the pancreas, and
will also cure the various diseases of the
prostate, and will also cure the various
diseases of the bladder, and will also cure
the various diseases of the ureters, and will
also cure the various diseases of the
penis, and will also cure the various
diseases of the vagina, and will also cure
the various diseases of the uterus, and will

A BEAUTIFUL HEAD

OF
RICH GLOSSY HAIR;
Completely Preserved
TO THE GREATEST AGE.

troubled with dandruff and itching hair, would have a remedy, or troubled with scurfy skin, or head, or other eruptions, but would be cured, or with such head ache (neuralgia), but would be cured. It will also remove all pimples from the face and skin. Prof. Wood's Hair Restorative will do all this! See circular and the following:

ANN HASTON, November 8, 1885.

PROF. C. J. WOOD—Dear Sir, I have heard much said of the wonderful effects of your Hair Restorative, but having been so often deceived by quackery and quick restorative

hair eyes, etc. It was disheartening that you and I should be the same category with the skin and hair conditions. I had a quick change of heart when you told me in Lawrence County some of the things you had done. I had been told that since you gave me such assurance as to the results of the trial of your Restorative in my family—first in my good wife, whose hair had become very thin and entirely white, and before exhausting one of your last bottles, her hair was restored nearly to its original beautiful brown color, and had thickened and become beautiful and glossy upon, and entirely over the head. She continues to use it not simply because of its beautifying effects upon the hair,

but because of my family and friends are using your Preparation with the happiest effects; therefore my skepticism and doubts in reference to its character and value are entirely removed, and I can and do most cordially and confidently recommend its use by all who would like to have their hair restored from white or gray (by reason of sickness or age) to original color and beauty, and by all young persons who would have their hair beautiful and glossy.

Very truly and gratefully yours,
SOLOMON MANN.

FRANK WOOD. I was long time after I saw you at Bliss field before I got the bottle of Rest-n-rage, for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on Mrs. Mann's hair, as the surest test of its power. It has done all that you assured me it would do, and others of my family and friends, having witnessed its effects, are now using and recommending it to use to others as entitled to the highest consideration you claim for it.

Again, very respectfully and truly, yours,
SUDDON MANN

CARLYLE, ILL. June 28, 1873.

I have used Prof. O. J. Wood's Hair Restorative, and have admitted its wonderful effects. My hair was becoming, as I thought, prematurely gray, but by the use of his Restorative it has resumed its original color, and here no doubt permanently so.

Allen County Convention.

The Democrats of Allen County are requested to meet in their Townships, at the usual place of holding elections, on Saturday, 21st July, 1858, at 2 o'clock, p.m., and appoint delegates to attend a COUNTY CONVENTION, to be held at the Court House in the City of Fort Wayne.

On Saturday, July 31st, 1858, at 11 o'clock A. M. for the purpose of nominating candidates for such County Offices as are to be filled at the October Election.

In pursuance of the plan of organization heretofore adopted, the delegates are apportioned among the several Townships as follows:

Abate	4	Maunee	3
Adams	13	Milan	4
Cedar Creek	9	Monroe	4
El River	3	Perry	7
Jackson	3	Pleasant	7
Jefferson	11	Scioto	3
Lafayette	8	Springfield	6
Lake	6	St. Joe	7
Madison	5	Washington	11
Marion	11	Wayne	20

By order of the County Committee,
F. P. RANDALL, Chair'n.

June 26th, 1858.

JAMES L. WORDEN, of Whitley.

Fort Wayne Sentinel.

SATURDAY, JULY 3, 1858

Tenth District Democratic Congressional Convention.

We have received a letter from Dr. Martin Chairman of the Congressional District Committee, desiring us to suggest Thursday, August 12th, and Kendallville, as the time and place for holding our Congressional Convention. The Republicans have called a convention to be held at the same time and place. We therefore suggest, that the Democratic Convention be held at Kendallville, on Friday, August 13th. What say the democratic parties in the district? If all are agreed, have it understood that the Convention will be held at the time and place named without further notice.

The Chairman of the Committee being in a place almost destitute of mail facilities, has no opportunity of learning the wishes of the different counties in time to make a regular call, and therefore if this suggestion is agreeable the Convention will be held as above.

We anticipate our usual day of publication that "the boys" may keep holiday and celebrate the glorious fourth—what happening on Sunday this year, the celebration necessarily anticipates the day.

The weather continues oppressively hot, and everything seems to be in a fair way of melting down or wilting away. Our readers we feel assured are not in a mood to read long and dry editorials any more than we are to write them. We therefore refrain for the present, which we think is the best, most satisfactory, and certainly the easiest course we can pursue.

With this number we commence a new volume of the Sentinel. It is 23 years, this day, since we issued the first number of the Sentinel—a period of time long enough to enable the public to judge of our claims to their support, and obviate the necessity of our now defining our position or making any pledges or promises for the future. We have for all these years steadfastly supported the democratic cause, and this long experience has only tended to strengthen our convictions in the justice of that cause and the wisdom and patriotism of the principles and measures advocated by that party. We have therefore no new pledges to make—what the Sentinel hereafter has been it will continue to be, and our future course may be judged from the past. Those who are satisfied with us and what we have done are invited to extend their support and use their influence to induce their neighbors to subscribe. A little effort of this kind on the part of our friends might materially assist us, would be gratefully acknowledged, and would also be a stimulus to renewed and greater efforts on our part for the success of the democratic cause. The present time being the commencement of a new volume, and just on the eve of an important election, is an appropriate time to subscribe.

It is usual on such occasions to remind negligent subscribers of the propriety of settling up past arrearages. We leave anything in the shape of a dun—as much, perhaps, as some do to be dunned, or to pay up for their paper. We therefore say nothing on that head, except that we need the money, and that it is high time many of our readers were paying us. We should certainly feel obliged if they would square up and commence fair with the new volume, and we have no doubt they would then read the paper with more satisfaction and with clearer consciences than they now can.

Col. ALLEN May addressed our citizens on Saturday evening last, in the public square. His speech was chiefly devoted to territorial matters, and an expression of the course pursued by the democratic and opposition parties thereon. He reviewed the whole question from the annexation of Texas down to the Kansas imbroglio, and also the compromise measures of 1850, in a clear and able manner. Although he had felt compelled to differ with the President on the Lecompton question, yet he considered that fairly and amicably adjusted by the English compromise; and he therefore cordially acquiesced in the arrangement, and hoped all other demagogues who had held similar views would go into the approaching contest with a firm, united, and harmonious determination to achieve a glorious victory, and give a salutary lesson to those who have been building hopes on the supposed alienation of a portion of the party from the democratic standard. The speech was eminently cogent in its tone, and would have a good effect in any place where difficulty had arisen from different views of the Lecompton question.

Although the term guinea is still in familiar use in England, the actual coin is seldom seen.—Exchange.

Similar case in this country. The term dollar is in familiar use in these United States, but the coin is seldom seen. Anybody indebted to the Sentinel, and having a dollar or two about him, will please let us see how it looks. And "the more the merrier."

There is now a reasonable hope that the Cass-McLean treaty will be ratified by the Grand Union Legislature.

The House of Representatives have already accepted the Convention as originally agreed upon, but the Senate refused to ratify it in that form and made some amendments from which they recede. It is expected, however, that on a joint ballot the liberal party will triumph. The enlightened President of the Republic has done more perhaps than any other to secure that end. He has recognized the justice of its provisions from the first. The provisions simply are that the citizens of the United States who suffered from the massacre of 1856 shall be indemnified, and that New Grenada for the future shall maintain the peace of the Isthmus.

Oregon not Admitted.—Among the bills of an interesting character which failed at the last session by not being reached in the order of business was the bill in the House of Representatives for the admission of Oregon as a State and the bill to create the Territory of Nevada.

Fourth Congressional District.—Hon. Wm. S. Holman, of Dearborn Co., was nominated for Congress by the Democratic District Convention, held at Greensburg on Tuesday last, having received on the first ballot 118 votes out of 209. Suitable resolutions, adhering to the Cincinnati and 8th January platforms, pledging a faithful support of the nominees of the 8th of January convention, endorsing President Buchanan, acquiescing in the English compromise, and approving the course of the Senate in admitting Messrs. Bright and Fitch—were adopted.

Mr. Holman is a gentleman of decided ability, deservedly popular, and will be elected by a large majority.

No Cholera in Toledo.—The rumor of cholera in Toledo, as we supposed, unfounded—a miserable hoax started by some worthless fellow, who might have been better employed. The Toledo Blade says:

The Fort Wayne Sentinel is informed that its opinion of the ridiculous rumor has been correct. Cholera, so the doctors say, was never here before.

Coup de Soleil.—Two women, whose names we did not learn, died from sun-stroke here on Sunday last. We hear also of one or two cases having occurred on Tuesday or Wednesday. The Indianapolis papers report eight cases of sun-stroke, five of which terminated fatally, in that city on Sunday last; and in New York twenty persons died from the same cause on the same day.

A damp cloth worn inside the hat, by persons who are exposed to the intense heat of the sun, is said to be a certain safeguard against attacks of sun-stroke.

The Wheat harvest will commence next week in this vicinity; and from all we can learn the crop promises to be an average one.

Our exchanges from different parts of this State and Ohio generally speak favorably of the wheat crop. A great deal has doubtless been destroyed by the high waters, but on the uplands the crop is universally allowed to be fair, and in many instances is spoken of as unusually fine and heavy; there was a large amount planted, much of the last year's crop has not yet reached market, and there can be no doubt we shall have an abundant supply of wheat on hand.

Noble Circuit Court.—At an adjourned session of the Noble Circuit Court, held at Albion on the 14th ult., the following prisoners were committed:

Nelson Forsyth, for receiving stolen goods—sent to the penitentiary for 2 years, and disfranchised 2 years.

James Mawhorter, grand larceny—2 years in State's prison, disfranchised one year. Appealed to Supreme Court.

John Harmon, forgery—passing counterfeit bills, state prison 2 years. Appealed.

Isaac Vances, forgery—passing counterfeit bills, state prison 3 years. Appealed.

Leonard A. Shattuck, forgery—passing counterfeit bills, state prison 3 years. Appealed.

Harrison Withers, larceny—and Henry Abnet receiving stolen goods. Cases continued, and prisoners committed to bail.

Mark W. Henry, forgery—Solomon Stout, burglary—John Goodrich, receiving stolen property—Henry J. Tennant, receiving stolen goods—failed to appear, and forfeited their recognizances.

Important to Holders of Land Warrants.—By a recent Act of Congress, land warrants issued under Act of 1855, will hereafter be received on account for railroad lands, and other lands open for entry at more than \$1 25 per acre; the warrants to be received at \$1 25.

The Bridgeport Standard says that the only available funds of the Bridgeport Insurance Company, recently put into bankruptcy, are thirteen cents in copper and a two dollar bill on a broken bank. Others say there are fourteen instead of thirteen cents, but this is not very material "in a financial point" of view.

The Pic Nic of the Harmonic Society promises to be a pleasant affair. The arrangements are all completed, and care has been taken that nothing shall be lacking for the accommodation and entertainment of those who partake in the festivities. One boat will start from near the Clock-Tall House at 8 o'clock this (Saturday) morning, precisely; another will leave Cornmarket & Hubbard's lot immediately on the arrival of the former. The two, accompanied by excellent bands, will then proceed to the Elysian Fields, where a good time generally will be had. A third boat is engaged to be in readiness, in case the number of participants should render it necessary.

Mr. O. M. WILSON, has returned to this city and commenced the practice of law, and will attend to real estate agencies and all other business entrusted to him, with care and fidelity. He is also agent for the Indianapolis and Rising Sun Insurance Companies. His office is with Moses Jenkinson, opposite the Sentinel office.

Mr. Tigar.

We herewith send you a statement of the degree of the heat, at 3 o'clock, P.M., each day, for the months of June, 1857, and 1858, as indicated by the Thermometer, hanging in the shade at our store, corner of Calhoun and Columbia Streets, Fort Wayne.

June	1857	1858	June	1857	1858
1	71	72	16	86	79
2	72	76	17	78	95
3	75	70	18	64	90
4	72	74	19	70	87
5	71	73	20	71	97
6	78	86	21	64	92
7	89	84	22	67	94
8	89	77	23	75	92
9	89	79	24	85	97
10	70	72	25	89	91
11	71	70	26	87	93
12	72	58	27	89	98
13	79	73	28	86	93
14	83	75	29	79	93
15	87	80	30	70	97

We will add that in June, 1857, it rained on the 12th, 15th, 16th, 18th, 19th, and 22nd; and in June, 1858, it rained on the 2d, 3d, 4th, 6th, 8th, 9th, 10th, 11th, 12th, 16th, 19th, 20th, and 28th.

J. W. TOWNLEY & Co.

July 1st, 1858.

Commenced to the Charleston Mercury.

First Blood Shed for Liberty in the Revolutionary War.

The first blood shed in defense of liberty and in opposing English oppression was in the South. The State of North Carolina was the "old North State," and twin sister of South Carolina, entitled to the honor. It was during the gulf war, that on a joint ballot the liberal party will triumph. The enlightened President of the Republic has done more perhaps than any other to secure that end. He has recognized the justice of its provisions from the first. The provisions simply are that the citizens of the United States who suffered from the massacre of 1856 shall be indemnified, and that New Grenada for the future shall maintain the peace of the Isthmus.

Fourth Congressional District.—Hon. Wm. S. Holman, of Dearborn Co., was nominated for Congress by the Democratic District Convention, held at Greensburg on Tuesday last, having received on the first ballot 118 votes out of 209. Suitable resolutions, adhering to the Cincinnati and 8th January platforms, pledging a faithful support of the nominees of the 8th of January convention, endorsing President Buchanan, acquiescing in the English compromise, and approving the course of the Senate in admitting Messrs. Bright and Fitch—were adopted.

Mr. Holman is a gentleman of decided ability, deservedly popular, and will be elected by a large majority.

No Cholera in Toledo.—The rumor of cholera in Toledo, as we supposed, unfounded—a miserable hoax started by some worthless fellow, who might have been better employed. The Toledo Blade says:

The Fort Wayne Sentinel is informed that its opinion of the ridiculous rumor has been correct. Cholera, so the doctors say, was never here before.

Coup de Soleil.—Two women, whose names we did not learn, died from sun-stroke here on Sunday last. We hear also of one or two cases having occurred on Tuesday or Wednesday. The Indianapolis papers report eight cases of sun-stroke, five of which terminated fatally, in that city on Sunday last; and in New York twenty persons died from the same cause on the same day.

A damp cloth worn inside the hat, by persons who are exposed to the intense heat of the sun, is said to be a certain safeguard against attacks of sun-stroke.

The Wheat harvest will commence next week in this vicinity; and from all we can learn the crop promises to be an average one.

Our exchanges from different parts of this State and Ohio generally speak favorably of the wheat crop. A great deal has doubtless been destroyed by the high waters, but on the uplands the crop is universally allowed to be fair, and in many instances is spoken of as unusually fine and heavy; there was a large amount planted, much of the last year's crop has not yet reached market, and there can be no doubt we shall have an abundant supply of wheat on hand.

Noble Circuit Court.—At an adjourned session of the Noble Circuit Court, held at Albion on the 14th ult., the following prisoners were committed:

Nelson Forsyth, for receiving stolen goods—sent to the penitentiary for 2 years, and disfranchised 2 years.

James Mawhorter, grand larceny—2 years in State's prison, disfranchised one year. Appealed to Supreme Court.

John Harmon, forgery—passing counterfeit bills, state prison 2 years. Appealed.

Isaac Vances, forgery—passing counterfeit bills, state prison 3 years. Appealed.

Leonard A. Shattuck, forgery—passing counterfeit bills, state prison 3 years. Appealed.

Harrison Withers, larceny—and Henry Abnet receiving stolen goods. Cases continued, and prisoners committed to bail.

Mark W. Henry, forgery—Solomon Stout, burglary—John Goodrich, receiving stolen property—Henry J. Tennant, receiving stolen goods—failed to appear, and forfeited their recognizances.

Important to Holders of Land Warrants.—By a recent Act of Congress, land warrants issued under Act of 1855, will hereafter be received on account for railroad lands, and other lands open for entry at more than \$1 25 per acre; the warrants to be received at \$1 25.

The Bridgeport Standard says that the only available funds of the Bridgeport Insurance Company, recently put into bankruptcy, are thirteen cents in copper and a two dollar bill on a broken bank. Others say there are fourteen instead of thirteen cents, but this is not very material "in a financial point" of view.

The Pic Nic of the Harmonic Society promises to be a pleasant affair. The arrangements are all completed, and care has been taken that nothing shall be lacking for the accommodation and entertainment of those who partake in the festivities. One boat will start from near the Clock-Tall House at 8 o'clock this (Saturday) morning, precisely; another will leave Cornmarket & Hubbard's lot immediately on the arrival of the former. The two, accompanied by excellent bands, will then proceed to the Elysian Fields, where a good time generally will be had. A third boat is engaged to be in readiness, in case the number of participants should render it necessary.

Mr. O. M. WILSON, has returned to this city and commenced the practice of law, and will attend to real estate agencies and all other business entrusted to him, with care and fidelity. He is also agent for the Indianapolis and Rising Sun Insurance Companies. His office is with Moses Jenkinson, opposite the Sentinel office.

Mr. Tigar.

We herewith send you a statement of the degree of the heat, at 3 o'clock, P.M., each day, for the months of June, 1857, and 1858, as indicated by the Thermometer, hanging in the shade at our store, corner of Calhoun and Columbia Streets, Fort Wayne.

June	1857	1858	June	1857	1858

15	87	80	30	70	97

We will add that in June, 1857, it rained on the 12th, 15th, 16th, 18th, 19th, and 22nd; and in June, 1858, it rained on the 2d, 3d, 4th, 6th, 8th, 9th, 10th, 11th, 12th, 16th, 19th, 20th, and 28th.

J. W. TOWNLEY & Co.

July 1st, 1858.

Arrival of the Ariel.

Str. Jones, N. P., June 26. The Vanderbilt ship Ariel, Capt. Ludlow, from Bremen, via Southampton, the 16th inst., passed Cape Race yesterday. She was intercepted by the News Yacht of the Associated Press which arrived here today with her news. Her news presents no feature of an unusual character with the exception of the loss of the screw steamer New York. She sailed from Glasgow on the 12th, for New York, and was wrecked the same day on the Scottish coast. The passengers and crew were all saved.

The Paris Monitor, denies that any extraordinary preparations for war are making in France.

Nothing has been heard relative to the Atlantic cable enterprise, and we do not learn that the Ariel saw any of the ships of the expedition.

Gen. Espinasse, who was appointed Minister of the Interior with the functions of Minister of police at Paris, immediately after the explosion of the railway station, has been anticipated, resigned, receiving in exchange a seat in the Senate. M. de Langle, President of the Imperial Court of Paris, has been appointed Minister of the Interior.

The Canton of Geneva protests against the expulsion of the refugees in Switzerland, and demands that no such expulsion shall take place. The Times, containing an article on French armaments.

A submarine cable between Reggio and Messina has been successfully submerged. The Egyptian army is fixed for the year at 15,000 men.

The Emperor of Russia has invited the French Ambassador to accompany him on his journey in the southern provinces of the Empire. The enormous expense of the fortification at Brussels was the topic of comment in the press.

The U. S. steam frigate Powhatan was at Hong Kong. It was rumored at Canton that the Chinese intended to destroy the European dwellings on the Homan side of the river. It is also reported that Nankin had been captured from the rebels by the Imperial troops.

Liverpool, June 16.—Breadstuffs.—Our market has generally been quiet. Renowned S. & Co. report the weather favorable for crops. Flour remained steady, at the last quotations. Sales are of an unimportant character. Western canal 20s a 21s. Philadelphia and Baltimore 21s a 21s 6d. Ohio 21s 6d a 23. Wheat very dull prices nominally unchanged, except inferior Red which is 3d lower. Red western 5s 5d a 5s 6d. White southern 7s a 7s 3d. Corn quiet at the quotations advised by the Board of Trade. 34s 6d a 34s 9d. White 32s a 32s 6d. Provisions dull without market change. Beef quiet; pork steady; bacon dull and the action sale was a failure. Lard heavy at 55s prime.

Arrival of the Arabia.

HALIFAX, June 28. The steamship Arabia, from Liverpool, the 19th arrived at 5 P. M. She passed the Africa the 19th bound east. On June 23d an antedeposited a sloop of war, supposed to be one of the telegraphic expedition, steering west, in latitude 33.50—longitude 30.08. Possibly it was the schooner, as it was sailing to the westward, and the speed for the United States cable had not been quite reached. The Arabia reports a gale from W. S. R. on the 25, and the weather on the whole had not been so moderate as usual in June.

Great Britain.—In the House of Lords on the 17th, the Bishop of Oxford called attention to the Spanish slave trade. He contended that the present threatening state of affairs in the West Indies, and the having long since been permitted to break their treaty engagements. Lord Brougham strongly opposed the policy of Spain. Earl Malmesbury deeply regretted that the efforts of England to suppress the slave trade had not been seconded by other nations. He had admitted to the American government that as a question of international law England was not entitled to the right of visit or search; but he had also pointed out the necessity of some other means by which they would continue to limit their flag to be prostituted to the vilest of purposes, and had urged the necessity of an ocean police, that some understanding should come to between the maritime nations, which would enable the nationality of the vessels to be clearly verified, without any danger of a breach of international law. He had every reason to believe from a conversation with the American Minister, that some such arrangement might be made with regard to Spain. It was, however, the highest honor, and moral support of England had materially aided her in resisting the wishes of the United States to annex Cuba. But if she still persisted in supporting the slave trade, it was highly probable that the present anxiety of Great Britain would be exchanged for indifference, and Earl Grey and Aberdeen, assented to Malmesbury's definition of international law.

In the House of Commons on the 18th, a debate took place on the American Imbroglio. Mr. Fitzgerald made a similar statement to that of Mr. Malmesbury. In the debate a general temperate tone was manifested. Mr. Roebuck stated that the language used in the American Congress was unworthy a great country. They had always assumed that England wished to insult them but he hoped they would now learn that they were wrong.

The debate in the House of Lords was the general topic of remark in press. The Times congratulates the country on having a position against the right of visit or search.

Two Turkish steamers landed nearly 1200 troops at Bay of Barro on the 12th of June. A Russian war steamer was anchored off Ragusa. The Montenegrins are said to have returned to the mountains from Gracova. A letter of the Duke de Malakoff would soon return to France. The Duke de Malakoff would soon return to France. The Duke de Malakoff would soon return to France.

A Vienna letter positively contradicts the statement that a convention had been concluded between Austria and Turkey relative to the Montenegrins. A doubtful rumor was current that the Duke de Malakoff would soon return to France. The Duke de Malakoff would soon return to France. The Duke de Malakoff would soon return to France.

The Tribune's Washington correspondent says: The military commandant at St. Louis was telegraphed to day to send an express after Gen. Harney recalling him from the expedition to Utah, where the present force will be placed under the command of Gen. Johnston exclusively. The supposed object of this movement is to make a diversion against the hostile Indians in Oregon.

A correspondent of the Times writing from Havana says, the Commander of the Washburn steamer, the Admiral in Jamaica, and received from the Vice Admiral in Jamaica, and received from the Vice Admiral in Jamaica, and received from the Vice Admiral in Jamaica.

It is positively affirmed that the nomination of Prince Napoleon for the Government of Algiers is abandoned.

Napoleon will open the Camp of Chalons with great pomp, on the 15th of July. The French Mediterranean fleet ordered to be present during the Emperor's visit, will consist of 12 line of battle ships, 5 frigates, 4 corvettes and a certain number of small craft.

Breadstuffs.—Weather unfavorable, but no real damage to crops. Flour very dull and nominal. Quotations unchanged. Red western 5s 4d a 5s 6d. Corn steady, yellow nominal, 3s 6d a 3s 8d; white offered at 33s for prime but no sales.

From the London Times.

Naval and Military Preparations of France.—France is undoubtedly arming on a scale, with a view to a system, and deliberate, truly formidable to all the world. The French, they themselves, they have the good fortune to be sheltered from the impending storm by the unwarlike branches of an entente cordiale—whether Belgium, Piedmont and Spain, in the consoling sense of the inability to resist, the first blow of the coming tempest—or whether, like Austria, they know not how soon they may be forced to fight. The French, they themselves, they have the good fortune to be sheltered from the impending storm by the unwarlike branches of an entente cordiale—whether Belgium, Piedmont and Spain, in the consoling sense of the inability to resist, the first blow of the coming tempest—or whether, like Austria, they know not how soon they may be forced to fight.

Proceedings of the City Council.

CITY OF FORT WAYNE, June 23, 1858.

At a regular meeting of Council, held this evening the following business of general interest was transacted: A petition was presented, with the requisite number of signatures, requesting the Council to cause Barr street to be planked between Columbia and Lewis streets; which was referred to committee on streets, with instructions to cause estimates to be made and to receive bids for doing the same.

Also a petition immediately signed asking for a plank across Calhoun street, north side of Warren street—Granted.

The Committee on Finance made the following report:

To the Common Council of the City of Fort Wayne, Your Committee, agreeably with your instructions at a former meeting, have closed the contract with William Rockhill, Esq. for lots No. 25 and 26 in Rockhill's Addition to the town of Fort Wayne, and have received from him a warranty deed for the same, which we herewith hand you.

The terms of the purchase are one thousand dollars to be paid on the first day of November, with interest from the 26th ult.

We would recommend that an order be drawn upon the Treasurer of the City for the amount.

CHRISTIAN BECKER, Committee.

The same Committee also submitted the following report, recommendation, and proposition:

To the Common Council of the City of Fort Wayne, Your Committee, to whom was referred the petition of the citizens of the town of Fort Wayne, praying for the removal of the building in Rockhill's Addition, for the purpose of building a Market House thereon, respectfully report having closed the contract with Mr. Rockhill, for the City.

Your Committee beg leave to present herewith a proposition from W. C. Shoenke, Esq., to sell to the City lots No. 25 and 26 in Rockhill's Addition, laying immediately north and adjoining lots No. 25 and 26.

These two lots, together with the two parcels of Wm. Rockhill, Esq., would make a Market square 311 feet long by 100 feet wide, forming a valuable site for a market house, vegetable stand, and for all other purposes, which would be a great benefit to the city.

Our Committee, therefore, recommend that the City purchase the lots of Mr. Shoenke, at the price and on the terms offered by him.

CHRISTIAN BECKER, Committee.

Fort Wayne, June 23, 1858.

The Mayor and Common Council of the City of Fort Wayne.

The undersigned, owner of lots 88 and 89 in Rockhill's Addition, will sell said lots to the City of Fort Wayne for nineteen hundred and eighty-four dollars (\$1,884)—\$200 to be paid on the 1st day of October, 1858, and \$800 to be paid on the 1st day of October, 1859. The above payments to be made without interest on the 1st day of the month.

W. C. SHOENKE.

Fort Wayne, June 23, 1858.

The Committee on Gas submitted the following report and proposal from the Fort Wayne Gas Light Company:

Your Committee on Gas herewith present for your consideration proposals from the Fort Wayne Gas Light Company for furnishing the city with Gas.

C. D. BOND, Committee.

Fort Wayne, June 23, 1858.

The Fort Wayne Gas Light Company will light and extinguish, according to Ordinance, all the lamps in the city of Fort Wayne as follows, for one year:

For a 5 foot burner, \$2 75 per post per month.

For a 6 foot burner, \$3 75 per post per month.

For a 7 foot burner, \$4 75 per post per month.

For a 8 foot burner, \$5 75 per post per month.

For a 9 foot burner, \$6 75 per post per month.

For a 10 foot burner, \$7 75 per post per month.

For a 11 foot burner, \$8 75 per post per month.

For a 12 foot burner, \$9 75 per post per month.

For a 13 foot burner, \$10 75 per post per month.

For a 14 foot burner, \$11 75 per post per month.

For a 15 foot burner, \$12 75 per post per month.

For a 16 foot burner, \$13 75 per post per month.

For a 17 foot burner, \$14 75 per post per month.

For a 18 foot burner, \$15 75 per post per month.

For a 19 foot burner, \$16 75 per post per month.

For a 20 foot burner, \$17 75 per post per month.

For a 21 foot burner, \$18 75 per post per month.

For a 22 foot burner, \$19 75 per post per month.

For a 23 foot burner, \$20 75 per post per month.

For a 24 foot burner, \$21 75 per post per month.

For a 25 foot burner, \$22 75 per post per month.

For a 26 foot burner, \$23 75 per post per month.

For a 27 foot burner, \$24 75 per post per month.

For a 28 foot burner, \$25 75 per post per month.

For a 29 foot burner, \$26 75 per post per month.

For a 30 foot burner, \$27 75 per post per month.

For a 31 foot burner, \$28 75 per post per month.

For a 32 foot burner, \$29 75 per post per month.

Interesting Particulars from Grant Salt Lake City.

By the pollsters of Mr. Fay Warden, late from Salt Lake City, we are in possession of full details from that place to the 15th ult.

Mr. Warden came in with Colonel Kane's company from Pleasant, Nebraska, Texas, and passed through the city on his way to Springfield, the residence of his father, Dr. Worthen State General of Illinois. Mr. Warden returned with only one companion, to carry Governor Cumming's first dispatches to Edward Johnston—though the road between Salt Lake City and Pleasant, Nebraska, is a long one.

For every service he received the Governor's thanks. Although the snow was still deep upon the mountains, he accomplished the journey in forty-eight hours. Mr. Warden's conversation possesses much interest from the fact of his having passed the whole winter at Salt Lake City.

He reports a higher degree of efficiency in the Mormon military organization than he has elsewhere seen. He says that the Mormon army is now organized into regiments, and is well equipped with arms and accoutrements.

With respect to the movement of the 1st of March it was not known in Salt Lake City. Mr. Warden's opinion is that the Mormon army will move on the 1st of March, and will be well equipped with arms and accoutrements.

He says that the Mormon army is now organized into regiments, and is well equipped with arms and accoutrements.

He says that the Mormon army is now organized into regiments, and is well equipped with arms and accoutrements.

He says that the Mormon army is now organized into regiments, and is well equipped with arms and accoutrements.
